

PD685G Digital Portable Radio

Digital wearable radio stations

Portable device for receiving and transmitting information through radio waves.

Main characteristics

Frequency range	UHF: 403-410, 417-422, 433-450, 469-470 MHz VHF: 146-174 MHz
Number of channels	16
Frequency grid pitch	12,5/20/25 KHz
Operating voltage	13,6B+-15%
Weight	8500 gr
Sizes	88x483x366 mm
Frequency stability	+,-0,5 ppm
Antenna impedance	50 Om
Lcd	220x176 pixels 262 000 colors 2 inch, 4 row
